OUR COMPANY

The history of SARL CHAMPION

Our company is located in the Loiret (45), in Douchy, France. It was established in 1981 by Mr. CHAMPION, then acquired in October 2017 by Mr. RABILLON.

Specialist in **the metalworking sector for more than 38 years**, CHAMPION (SARL) is constantly evolving and modernising while conducting research to achieve your most ambitious projects.

**Our core
business**

Subcontracting in metallurgy and the development of finished products, from the simplest to the most complex.

CHAMPION (SARL) operates in the following sectors:

Industry

Railway

Weapons

Aerospace

Automobile

Telecom

Food

Medicine

Agriculture

Our slogan
*« Impossible is not
French; made in France
is possible ».*

CHAMPION (SARL) is more

A complete team of
40 EMPLOYEES

highly qualified for all
installations on site and
internationally

A surface area of
10 000 m²
(including 6000m² of buildings).

Our facilities allow us to achieve
large assemblies, in particular
welded ones

CHAMPION (SARL)

- ✓ ISO 9001 Certification
- ✓ Experts in subcontracting in metallurgy and development
- ✓ More than 38 years of solid experience
- ✓ As a reliable partner, we provide you with turnkey solutions
- ✓ Manufacturing in our own workshops and delivery where you need
- ✓ Responsiveness - Compliance with your cost and time requirements
- ✓ Quality policy - Quality engineering office

OUR MACHINE FACILITIES

« It is possible to study and then design any product »

- > 1 laser cut 2800 W 1500x300 - 1 laser cut 4400 W 1500x3000
- > 1 MAZAC machining unit 1250x750x800 - 1 MAZAC digital lathe Ø320 x Ø80 length 580
- > AMADA folding machine:
 - 300 T (max 4 meters),
 - 100 T 3 AXES (max 3 meters),
 - 2 x 50 T (max 2.5 meters),
 - 1 x 25 T (max 2 meters).
- > 2 digital shears CN 3x4 - Circular saw for Aluminium, PVC and derivatives
- > Kasto band saw, maximum Ø260 - Kasto automatic saw, maximum Ø180
- > TRUMPH TKF1500.0 2000 W 20-45° Chamfering machine - 3 drilling bases
- > Pintle welding machine
- > 3 spot welders - 3 Grovograph digital grinding machines - 2 belt grinders 1
- > barrel deburring machine - 1 paint booth
- > 2 conventional milling machines - 3 parallel wide-angle lathes 1
- > Bending machine - 1 roll bending machine - 1 3-roller roll bending machine
- > PTIG, MIG-MAC welding machine from 200 to 500 A

ACTIVITIES

- | | | |
|-----------------------|-------------------------------------|-------------------|
| ✓ LASER SHEET | ✓ FOLDING | ✓ INSTALLATION |
| ✓ METAL | ✓ SHEET AND PROFILE TRANSFORMATIONS | ✓ PROTOTYPE |
| ✓ CUTTING | ✓ MANUFACTURING | ✓ ENGRAVIN |
| ✓ PRECISION MECHANICS | ✓ ASSEMBLY | ✓ LIQUID PAINTING |
| ✓ BOILER MAKING | | |

SOME EXAMPLES of our workshop pieces

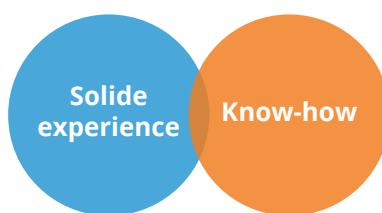

Mechanical welding: TIG	
Material	Steel, stainless steel,
Complexity	Variable
Unit manufacturing	Small, medium and large series
Weight and space limit	Please contact us
Welders	Licensed - nf en iso 9606-1 : 2013 1414, nf en iso 9606-2 141 nf en, iso 9606-1: 2013135

	Precision machining	Sheet metal work and Boiler making
Material	Aluminium, stainless steel, steel, copper, brass materials,etc.	Aluminium, stainless steel, steel, brass,etc
Complexity		Variable
Finish		Painting, treatment, polishing

LASER cutting

This allows us to **save material and time** with **great precision**, while fulfilling quality requirements.

From **prototype** to the launch of **small, medium and large series**,
CHAMPION (SARL) provides everything you need:

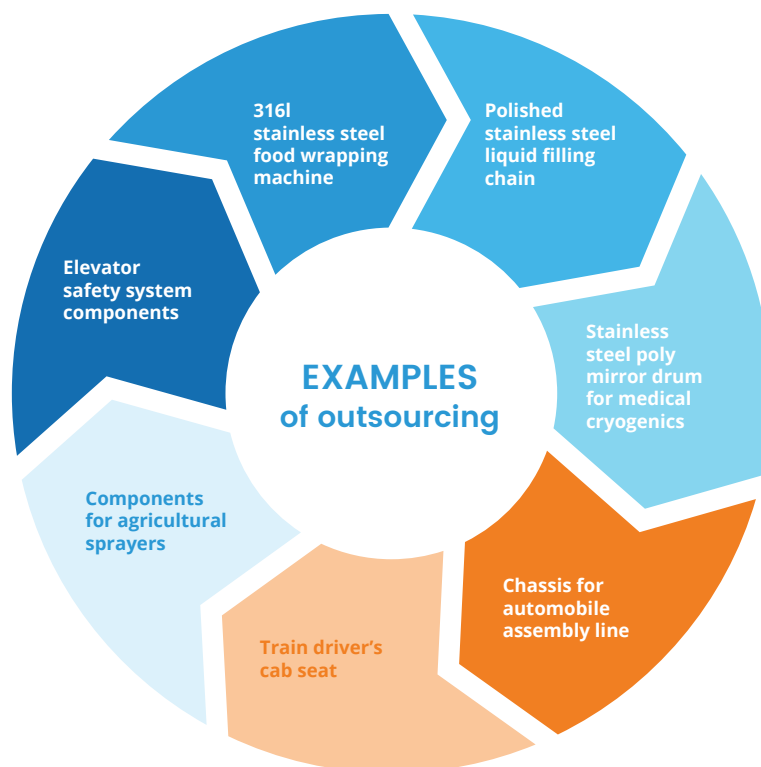

Each product is **created according to your expectations** as well as meticulously studied and monitored by our **quality department**.

EXAMPLES of our achievements

- **Metal parts** for all your needs
- **Equipped shelters** for CIVIL / MILITARY
- **Military equipment**
- **CIVIL / MILITARY equipped trailers:** with Shelter / lighting / masts etc.
- **Facilities:**
Aviation / airport / Automotive / Military / paramilitary / Rail / Industrial / Agricultural / Food / Medical
- **CIVIL / MILITARY equipped masts:** pneumatics, mechanical etc.
- **Train seats:** driver and attendant
- **Metal street furniture**
- **Public utility equipment**
- **Military / Civil turrets**
- **Military / Civil reels**
